About Us

Our Mission

With the support of its volunteers, OMoW enables independent living by providing equitable access to nutritious meals and opportunities for social interaction while ensuring physical and emotional well-being.

Our Vision

Every adult, regardless of age, ability, health, income or living circumstances, lives in an inclusive community where they are well-nourished, safe and connected and are able to live independently with dignity.

Board Chair Year in Review

Fiscal 2026 was another year of significant growth for Oakville Meals on Wheels and an especially meaningful one as the organization approaches its 50th anniversary in 2026.

During the year, we delivered 57,904 meals, approximately 20% more than in fiscal 2025 and over 20,000 more than just three years ago. This growth reflects both increasing demand for our traditional meal-delivery service and the expansion of bulk meal deliveries to community organizations and adult day programs.

Looking back over the past several years, the scale of the organization has changed considerably. Since fiscal 2023, total meals delivered have increased by approximately 56%, while the number of individual clients served has grown from 265 to 334. As we mark Oakville Meals on Wheels' 50th anniversary in 2026, this milestone provides an opportunity not only to recognize our recent growth, but also to honour the many volunteers, staff members, Board members, donors and community partners who have built and sustained the organization over five decades.

Our volunteers remain at the heart of everything we do. This year, they contributed more than 10,000 hours, organizing routes, packing meals and making deliveries in every kind of weather. Just as importantly, they brought kindness, conversation and reassurance to our clients. For many, the volunteer arriving at the door provides an important point of connection and a reminder that someone in the community cares.

I would also like to recognize our staff team. Operating an organization of this scale with a small team requires tremendous commitment, flexibility and professionalism. Their work behind the scenes ensures that meals are prepared and delivered reliably, volunteers are supported, clients receive responsive service, and the organization continues to adapt as community needs evolve.

We are deeply grateful to our donors, funders, sponsors and community partners. Oakville Meals on Wheels begins each year without guaranteed funding, and their generosity allows us to subsidize meals, introduce new initiatives and ensure that our services remain accessible to those who need them.

Finally, thank you to my fellow Board members for contributing your time, expertise and hands-on support. As a working Board, your involvement has helped guide the organization through a period of substantial growth while preserving the values and community focus that have defined Oakville Meals on Wheels throughout its history.

As we recognize this important 50-year milestone, we can take great pride in what has been accomplished and look ahead with confidence. The organization has grown and evolved, but its purpose remains unchanged: delivering care, connection and community to the people of Oakville.

Steve Kelly, Board Chair
